CLERK, U.S. DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

JCS

5628

Case No. _____

**ORIGINAL COMPLAINT AND
DEMAND FOR JURY TRIAL**

I hereby certify that the annexed
instrument is a true and correct copy
of the original on file in my office.

ATTEST:

RICHARD W. WIEKING
Clerk, U.S. District Court
Northern District of California

By CHRISTINE
Deputy Clerk
Date 12/1/09

1 Plaintiff Implicit Networks, Inc. ("Implicit" or "Plaintiff") hereby files its complaint
2 against defendants Microsoft Corporation ("Microsoft") and ("Defendant"), for patent
3 infringement. For its complaint, Plaintiff alleges, on personal knowledge as to its own acts
4 and on information and belief as to all other matters, as follows:

5 **PARTIES**

6 1. Implicit is a corporation organized under the laws of the State of
7 Washington, with its principal place of business in Seattle, Washington.

8 2. Microsoft is a corporation organized under the laws of the State of
9 Washington, with its principal place of business in Redmond, Washington.

10 **JURISDICTION AND VENUE**

11 3. This complaint asserts a cause of action for patent infringement under the
12 Patent Act, 35 U.S.C. § 271. This Court has subject matter jurisdiction over this matter by
13 virtue of 28 U.S.C. § 1338(a). Venue is proper in this Court by virtue of 28 U.S.C. § 1391(b)
14 and (c) and 28 U.S.C. § 1400(b), in that Defendant Microsoft may be found in this district,
15 have committed acts of infringement in this district, and a substantial part of the events or
16 omissions giving rise to the claim occurred and a substantial part of property that is the
17 subject of the action is situated in this district.

18 4. This Court has personal jurisdiction over Defendant Microsoft because
19 Defendant has a place of business in, and provides infringing products and services in, the
20 Northern District of California.

21 **INTRADISTRICT ASSIGNMENT**

22 5. Pursuant to Civil LR 3-2(c), this case should be subject to district-wide
23 assignment because it is an Intellectual Property Action.

COUNT I

PATENT INFRINGEMENT

6. On September 30, 2003, United States Patent No. 6,629,163 ("the '163 patent") entitled "Method and System for Demultiplexing a First Sequence of Packet Components to Identify Specific Components Wherein Subsequent Components are Processed Without Re-Identifying Components" was duly and legally issued. A true and correct copy of the '163 patent is attached as Exhibit A.

7. Edward Balassanian is the sole inventor of the '163 patent. The '163 patent has been assigned to Plaintiff. Plaintiff Implicit is the sole legal and rightful owner of the '163 patent.

8. Microsoft makes, uses, and sells products that infringe the '163 patent, such products including without limitation, its Windows Filtering Platform, an integral aspect of Microsoft's Vista Windows 7 and Windows Server 2008 releases. In addition, Microsoft has infringed and is still infringing the '163 patents in this country, through, *inter alia*, its active inducement of others to make, use, and/or sell the systems, products and methods claimed in one or more claims of the patents. In addition, Microsoft has infringed and is still infringing these patents in this country through, *inter alia*, providing and selling goods and services including products designed for use in practicing one or more claims of the patents, where the goods and services constitute a material part of the invention and are not staple articles of commerce, and which have no use other than infringing one or more claims of the patents. Microsoft has committed these acts with knowledge that the goods and services it provides are specially made for use in a manner that directly infringes these patents.

1 9. As a result of the infringement by Microsoft, Plaintiff has been damaged, and
2 will continue to be damaged, until these defendants are enjoined from further acts of
3 infringement.

4 10. Microsoft will continue to infringe unless enjoined by this Court. Plaintiff
5 faces real, substantial and irreparable damage and injury of a continuing nature from
6 infringement for which Plaintiff has no adequate remedy at law.

7 WHEREFORE, Plaintiff prays for entry of judgment:
8

9 A. that the '163 patent is valid and enforceable;

10 B. that Microsoft has infringed one or more claims of the '163 patent;

11 C. that Microsoft account for and pay to Plaintiff all damages caused by the
12 infringement of the '163 patents, which by statute can be no less than a reasonable
13 royalty;

14 D. that Plaintiff be granted pre-judgment and post-judgment interest on the
15 damages caused to them by reason of Defendants' infringement of the '163 patent;

16 E. that this Court require Defendant to file with this Court, within thirty (30)
17 days after entry of final judgment, a written statement under oath setting forth in detail
18 the manner in which Defendant has complied with the injunction;

19 F. that this be adjudged an exceptional case and the Plaintiff be awarded its
20 attorney's fees in this action pursuant to 35 U.S.C. § 285;

21 G. that this Court award Plaintiff its costs and disbursements in this civil
22 action, including reasonable attorney's fees; and
23

24 H. that Plaintiff be granted such other and further relief as the Court may
25 deem just and proper under the current circumstances.
